

BOAT LAUNCH PUBLIC ENGAGEMENT SESSIONS

Starting June 30, and running through until September long weekend, SBAC would like to host a minimum of one weekly public engagement session at Public Access Boat Launches with access to the Lee River and Pinawa Channel.

During these Public Engagement Sessions, SBAC will work towards delivering the safety messaging developed for the articles, in person to as many waterway users as possible.

Volunteer reporting will be submitted to the Lac du Bonnet CDC to collect information about these engagement session and, once compiled at the end of the season, the Lac du Bonnet CDC will include the information gathered to the RM of Lac du Bonnet and Transportation Canada as part of the final reporting.
